200	\$290.00	\$490.00	\$200.00

Prices are based on:-

- Artwork supplied by customer to 85.6mm by 54mm to print on a card.
- We prefer artwork to be on a PDF file exactly as it will be on the card and set up to the dimensions with no cut marks or extra empty space.
- Other options are supplying artwork as a high quality JPG or BMP to the dimensions.
- Basic Adding of Names, Membership Numbers, etc, will be done at no extra cost where they are supplied in an MS Excel or OpenOffice Calc database.
- Extra costs may apply for creating a print merge database from another format, custom ID photos, barcoding, etc.

Card Punching & Finishing

- Cards can be punched with a "slot" or "round" hole in the centre of the card.
- For a slot hole, please allow 9mm from the top of your artwork to avoid cutting off portions of important artwork. For a round hole, please leave 15mm from the top of the card.
- Clips and Lanyards are easily available, but we can quote for their supply if required.
- Fitting of Clips and Lanyards (if required) is done at a small extra cost.
- Suction Cups (for Parking Permits, etc) can be fitted to cards at extra cost.
